Roll your windows down
Summers nearly gone
And only hours stand between you
And the cold that's coming on

And you count your questions
In a skylight blue
And every color here is telling you

Time is a runaway
Coming for you
Time is a runaway
Coming for you

And in my dreams
I see in reds that can not stain
And the summer leaves like the girl who gets away
And we sit here stranded in a carelss hue
And every color there is telling you

Time is a runaway
Coming for you
Time is a runaway
Coming for you
Time is a runaway
And she's coming for you
Time is a runaway
She's coming for you

And in the morning when I rise
She's coming up to tell me

Time is a runaway
Coming for you
Time is a runaway
Coming for you
Time is a runaway
Coming for you
Time is a runaway
Coming for you
