As the man crosses the river  
He knows what's on the other side  
He knows it isn't pretty  
But for his Cause risks his life  
As the man reaches the shore  
Got bumps and bruises along the way  
He is willing for so much more  
For has crossed he's here to stay  
Stand up  
Stand up for what you believe in  
Stand up  
Stand up for people like him  
Stand up  
Stand up for you and me  
Stand up  
Stand up  
Stand up for what you believe in  
As I stumble into the water  
Collect some cuts along the way  
As look over my shoulder  
Nothings there, its just decay  
The water pulls and flows around me  
I wish the cold would go away  
Let me tell you it's not pretty  
But I'm here, I'm here to stay
