"Forever Faithful"

Visit "[Forever Faithful](#)" on MotoLyrics.com

Memories of the love we had are still a part of me
I pushed your love away and knew that one day
I would yearn for your return

CHORUS:

Forever Faithful, yes I am
I guess my love will live for you
Just wishin and hopin for your return

Now Im all alone, it hurts to be alone
Wont you please come see about me?
This time Ill do right, need you to hold me tight
Darling, you, you control my destiny
Oh oh oh

(chorus)
(instrumental)

On and on, deep down inside, I have no one but myself
to blame
I have but one wish, that you return, conquer the love
that remains
Oh oh oh

(chorus x2)
(repeat title & fade)
