Move a little closer, yeah, yeah

Time stands still  
My heart beats alone tonight  
I wonder how can we bridge this space  
Rebuild all our dreams  
Try to reach out across the sky  
We'll meet in the stars tonight â€¡ oh

Why do we choose to be lonely?  
Why do we choose to be sad?

Everytime I think of you,  
I keep thinking there's a place for us again,  
Everytime I think of you,  
Why can't we reach out, and touch each other

Lovers walk,  
Under the stars tonight  
Why don't we, step over time and space  
Fulfil every dream  
We can walk out across the sky  
We'll sleep in the stars tonight â€¡ oh

Why do we choose to be lonely?  
Why do we choose to be sad?

Everytime I think of you,  
I keep thinking there's a place for us again,  
Everytime I think of you,  
Why can't we reach out, and touch each other

Everytime I think of you,  
I keep thinking there's a place for us again,  
Everytime I think of you,  
Why can't we reach out, and touch each other

Oh, try a little harder  
Oh, lookin' for another world  
If you come a little closer  
C'mon & get closer& closer

Repeat chorus to fade
