It's a war out there
He's a hard, hard man
There's a price to be paid for love
If you wanna survive

It's a battlefield
It's no paradise
For I feel I can take on the world
When I look in your eyes

When you follow your heart you're on a one way street
Living on love, living for a dream
If you wanna go to heaven baby run with me
I've got the answer, I've got the key

We've gotta stand up and fight for our love
We did it all, it was never enough
Stand up and fight for our love,
We've gotta stand up, ooh we gotta stand up
And fight for our love
Fight for our love

It's just one on one
It's just you and me
So lets take a chance and run
It's our destiny

Well you know it's never easy baby nothing comes free
Living on love, living for a dream
If you wanna go to heaven baby run with me
I've got the answer, I've got the key

We've gotta stand up and fight for our love
We did it all, it was never enough
Stand up and fight for our love,
We've gotta stand up, ooh we gotta stand up

The road grows longer day by day
Did we ever win in this game that we play?
If you wanna go to heaven you gotta take a chance in
love

If you wanna go to heaven baby run with me
We've gotta stand up, ooh we gotta stand up

We've gotta stand up and fight for our love
We did it all, it was never enough
Stand up and fight for our love,
Gotta stand tall never give up

Stand up and fight for our love
We did it all, it was never enough
Stand up and fight for our love,
We've gotta stand up, fight for our love
Fight for our love
