Hold out
I cannot ride the wind
I ride you

Reach out
Hold out
Nothing here is real, try and
Searching farther
It almost seems to live until it
Moves on
Turns 'round
Just can't seem to lose it, try and

Hold fast
Hold on
I cannot touch the wind
I touch you

Hold fast
Hold on
Nothing is a dream until you
Wake up
Cry out
Now it isn't real, now you
Hold fast Nothing is a dream
Hold on Just can't lose it now
Move on Turning round and round
Wake up You cannot ride the wind
