[Verse]

I get so high just to balance out my lows
They talk on my life but no one really knows
Glock to my head as I keep my eyes closed
One hard life that keep my soul froze
I look to the sky, try to find my way
I've had dark nights, where's the brighter day
They say keep your head up, u just got to pray
I don't question god but why do I got to pay
Every one keeps dying, true every one dies
But I can't understand why you took my nigga eyes
No one seen it coming, we were taken by surprise
R.I.P my nigga cause everyone still cries
I try to make it up but I'm stuck inside the flame
It seems we keep adding rest in peace to every name
Why do we get shot down just to stay in pain
I guess I'll just stay insane

[Chorus]

Please don't shoot me down, cause I'm flying, I'm
flying, I'm higher
Please don't shoot me down, I'm flying, I'm higher.

[Verse]

I don't understand why people are still hating
I look up to god but this world is just satin
I need my time to come, I'm just here waiting
Looking for an answer that'll make my head straighten
Is it true, that everything happen for a reason
Who says what's right, who are we pleasing
We see the bodies drop and now were all grieving
Friends pass on like it was a killing season
Smoke fills my lungs, hate fills my heart
I'm looking for the end but I just find the start
I'm looking for the light but I just find the dark
It's nothing but pain, I can't find a spark
I move past the haters, n try live life
Forget about all the pain, forget about the strife
Blood fills oceans as the vain meets the knife

Meet pain, she's my wife

[Chorus]

Please don't shoot me down, cause I'm flying, I'm
flying, I'm higher

Please don't shoot me down, I'm flying, I'm higher.
