Xiola!  
Follows the colors in my arm  
She stays calm  
Xiola!  
Hits me as she braids my brain  
With acid rain  
But wouldn't you know  
You can never go backwards again, no

Doomed are the maudlin  
To know how it feels  
Having felt that way too  
Doomed are the maudlin  
To know what she needs  
I needed it, too

Xiola!  
Pure are the lips that seal the abyss  
She is bottomless  
Xiola!  
Most turn, yet I command  
This'll be the end  
But wouldn't you know  
You can never go backwards again, no

Doomed are the maudlin  
To know how it feels  
Having felt that way too  
Doomed are the maudlin  
To know what she needs  
I needed it, too

Xiola...  
Xiola...  
Xiola...  
Xiola...  
Xiola...
