

## The Four Preps

### "Lazy Summer Night"

It's such a lazy summer night.  
An inspiration point is right.  
for fancy dreamin, and seemin  
to just relax and run away from town.

Hey take a look at all those other cars  
They're parked here just like ours

to count the stars above.  
It seems we're not alone.  
I guess I should have known.  
Romance runs high  
the last two weeks in July.

It's such a lazy summer night.  
Tonight the fireflies will light  
the way for lovers,  
for lovers like us to love.

It's such a lazy summer night.
