You're telling me i should forget you

But why

You're talking like i never knew you

But thats a lie

You're playing out your games again

You're never on my side

You're telling me i should forget you

CHORUS

Come on the guys a fake

What do you love him for

And it was my mistake

Kicking in his door

And if its just a game

Then what are we crying for

You're telling me i will regret you

And so

You're talking like i should expect to

But you'll never know

He's left you in the rain again

You're always on my mind

You're telling me i should forget you

CHORUS x2

You're telling me i should forget you

Oh no
