People all get ready
As we're tearing down the stand
all that's gone and steady
See it through with newer/wiser hands
And what has gone before/between us
Is a lot, is a lot
And who'll be there to clean/hold us
If you're not, if you're not/And maybe not, and maybe
not
We have all the time in the world
To get it right, to get it right
We have all the time in the world
To set it right, to set it right
People all get ready,
Rebuild what's gone
See it through with wiser hands
And what has gone before us
And who'll be there to clean us
And who it be there to clean as
<del></del>
And we have all the time in the world
To get it right, to get it right
And we have all the love in the world
To set alight, to set alight
People all get ready
As we're burning down thend
People all get ready
'Cause we're coming to a stop
