Baby, baby, spread your legs for me
Just a little bit sex in my drink please
Baby, baby, is it all for me?
Everybody look, what have I found?

Don't risk it, fist it!

Haunting me the way you love me
Tempting me the way you hate me

SMILE FOR ME, BABY!
DANCE FOR ME, BABY!
DOMINATE ME, LADY!
MY OWN INTACT GIRL!

Baby, baby, squeeze your lips for me
Just a little bit sex in my night please
Baby, baby, give yourself to me
Everybody, tongues here now
