Wanna get high high every single night
And numb this pain inside
I'm falling, I'm falling

Cause when I feel low low way down in a hole
It's such a lonely ride
I'm falling, I'm falling down

I start to shake and sweat
I haven't kicked this yet
It's burning a hole in me

It's been three days of hell
Pain I know oh so well
Feels like an eternity

A cigarette could ease my mind
From all the dark thoughts left behind

I wanna get high high every single night
And numb this pain inside
I'm falling, I'm falling

Cause when I feel low low way down in a hole
It's such a lonely ride
I'm falling, I'm falling down

Caught in this dance of death
Repaying some old debt
From lives I've forgotten
Fame keeps me paralyzed
Sucks out what's left inside
Wake up at the bottom

This isn't what I thought it'd be
Seems everybody's changing but me

I wanna get high high every single night
And numb this pain inside
I'm falling, I'm falling

Cause when I feel low low way down in a hole
It's such a lonely ride
I'm falling, I'm falling down

My life's a mess I'm in distress
I need someone something to make it go away
Can you be my savior tonight?
I'm falling I'm falling down
