I've had my ups and downs
But that's all over now
I start my new life tomorrow

Won't waste another day
On ones that got away
Won't have to beg steal or borrow

I'm going this alone
The lonely road less traveled's where I'm going
Yeah yeah

Five more years disappeared
And I can't wait forever
I need one more life to get this done

Five more years disappeared
Take me off the table
Guess my best ain't good enough for some

I've got my evidence
That there is more than this
I'm not afraid to ask the questions

I won't pull another punch
Won't play another hunch
I won't use ignorance as a weapon

Pre chorus
[Chorus:]

The fear I hide is ten miles high in front of me
But I will fight and I will find a way
Over all that
In my past
