Don't want order
It won't come
There's no why that it goes on
I was tied and i'm undone
I've got all that you don't want
You want order i want more
You want it all and
All of it's yours
You want shelter
I get a room
I get a room
My confusion leaves me cold
I've got nothing here to hold
All that's gold will never shine
It was nothing, nevermind
I want time, i want it now
My confusion's getting me down
You want shelter
I get a room
I get a room
What of yours is there to keep?

To be there when you sleep
I'm not here to tie your feet
Hold a hand upon your sleeve
There's a nail to hang the wall
It pays to lose it all
A note to hind behind the door
I get a room
Where you sleep, i lay awake
I saw every time you fake
I held on the hand that takes
And you hate it when i break
You want order
I want more
You want it all and
All of it's yours
You want shelter
I get a room
I get a room
I get a room
