Wait 'til midnight comes  
Wearing fashion black  
She's on a high heel kick  
Singing don't look back  
And all my broken stars  
They can make it shine  
And all the motown girls  
Singing one more time  
Out of all belief  
You're gonna call my name  
Out of all belief  
In a lonely place  
I was killing time  
I landed on my knees  
I got free money  
But no release  
I was hit and run  
I landed on my face  
And i got free money  
But no release  
There's a neon light  
Selling some new sin  
And there's a rainbow moon  
Singing don't look down  
You're on a one way ride  
Down a dead end street  
You better realize  
Never walk on by  
Out of all belief  
You're gonna call my name  
Out of all belief  
In a lonely place  
I was killing time  
I landed on my knees  
And i got free money  
But no release  
I was hit and run  
I landed on my feet  
And i got free money  
But no release  
I was killing time

I landed on my knees  
I got free money  
But no release  
I was hit and run  
I landed on my feet  
And i got free money  
But no release  
I was killing time  
I landed on my knees  
And i got free money  
But no release  
Out of all belief  
You're gonna call my name  
Out of all belief  
In a lonely place  
Out of all belief  
You're gonna call my name  
Out of all belief
