This is my shirt
This is yours
And this is called a dream
It must be the soap you use
And mine is called] so kleen
It was so well advertised
All day on channel nine
We live in the soap commercial
We are all a lie
Listen to this listen to this
Listen to this listen to this
I live in the factory
And we are all the same
I live in the family
And all the traffic screams
It was so well advertised
All day on channel nine
We live in the soap commercial
We are all a lie
Listen to this listen to this
Listen to this listen to this
Channel nine
Soap commercial soap commercial
