Chorus:

Ahway Ahahahway,  
Baby we winnin, we winnin x2

Vers 1:

We got uh oh we got it  
Wips so fly like it needs a pilot  
make hands shiver like a face of a sidekick  
Big things and little things, rich in your pocket  
Ignorance would raise me LOS swaps  
Watch me put this city like like Wilson Ted on the block  
In that all black drop lets be glasses of the game  
but winner tops it all

(Na boy thats the game)

Heels on 6, style on 10  
Me all on me, but I want him  
Steppin til it's ready yup  
My Hustle don't eat  
My Hustle don't sleep  
My Hustle don't wiin

So baby get your dollars up  
Go get on your pimp ship  
Go flip your color up  
Lookin now ?  
til they acknowledge us  
Sabi got it now  
this thing just to publish us

Chorus:

Ahway Ahahahway,  
Baby we winnin, we winnin x2

[Pusha T]

Roll with the winners  
To get money monsters  
V.I.P posers that never stand in liners  
That pay you no minders

You just remind us of everywhere we don't wanna be  
That's behind us

Dressed in designers  
Laying with the finest  
who love nothing more than becoming my baby mama  
Let the night find us  
The top spin miners  
The stars is the line  
and my jewelry is co-signed

shit, we against the game  
holla grand pushing  
I'm back with The Bangz  
Ain't nothing changed  
Cash still spinnin  
A message to my haters  
We Wiiinin

Chorus:  
Ahway Ahahahway,  
Baby we winnin, we winnin x2

Bridge:  
Well, look a little slower, slower  
Whip a little lower, lower  
baby we winnin, baby we winnin  
(this goes out to my girl Ella)

Well, look a little slower, slower  
Whip a little lower, lower  
baby we winnin, (don't worry girl, we got you)  
baby we winnin
