I'm bruised again I wear it well
The self inflicted tale they tell
I singed my hair I broke my nails
You'd love me then if all else failed
The night was long and dark and just
Another dagger to my trust
I thrust it in until I bleed
I wiped my point for you to see

And anyway it's over now
Nothing left to say
I don't know why
I don't care how
It's over anyway
It's broken in pieces
You got the space you needed
Too late to try
Just say goodbye
It's over anyway

I fell so far, I felt so small
I shrank to not exist at all
I beat me up til I was sure
You gave me just what I deserved
I woke up everyday afraid
My so called faith went up in flames
And I believed in all your lies
For the life of me, I don't know why
They got you wrong
You're not that strong
I don't belong here

And anyway it's over now
Nothing left to say
I don't know why
I don't care how
It's over anyway
It's broken in pieces
You got the space you needed
Too late to try
Just say goodbye

It's over anyway

You'll say I'm self destructive
I constructed all this tragedy
Don't tell them all it's all my fault,
You'll tell them I was crazy

And anyway it's over now
Nothing left to say

And anyway it's over now
Nothing left to say
I don't know why
I don't care how
It's over anyway
It's broken in pieces
You got the space you needed
Too late to try
Just say goodbye
It's over anyway...

I don't know why,
I don't care how
