A banker in a tired suit is counting in his head
He's standing in your overcoat, he's lying on your bed
President gas is tap dancing for the banker he's a thief
He isn't very honest but he's obvious at least

You and I are walking past, yeah
Having lost our way
We don't count our money
We are giving it away, yeah giving it away

Oh this policeman is just sitting down in sunglasses
and dirt
Undercover now at least so nobody gets hurt
They go through this pantomime, they do it everyday
They'll be back again tomorrow but they don't play for
free

You and I are walking past, yeah
Having lost our way
We don't count our paper
We are giving it away, yeah giving it away

Doesn't this remind you of these things we've done
before
Like counting all the times, we've seen ourselves in
other scenes
Everybody's busy listening and pulling blinds
This is all so stupid, we're just shouting I want

You and I are walking past yeah
Having lost our way
We don't count our money
We are giving it away, yeah giving it away

Let it stay forever now
Let it stay forever now
Let it stay forever now
Let it stay forever now
