Yeah, we're in on the act
And love's in the back
With all of your roses and you
Yeah, you, you, you, a high heeled girl

And we talk just like jazz
Like a song from the edge
And we move like a piece of the Times
For you, you, you, a high heeled girl

The party goes on till it's late
And there's nobody home
And I look in your face
And I see that I'm here all alone

And it's only a game
And it's only a game
And it's only a game

And it's only a part of the act and love's in the back
And every thing's fun, fun, fun
We're so loose for you, won't you stay?
They're just winding me up to take me away

With a face full of plans
And a dangerous game
We're a two minute hit for a day
For you, you, you, a high heeled girl

With your rings and your drums
And a day at a time
And a foot on the floor of your love
It's you, you, you, a high heeled girl

And the party goes on till it's late
And there's nobody home
And I look in your face
And I see that I'm here all alone

And it's only a game
And it's only a game
And it's only a game

And it's only a part of the act and love's in the back
And every thing's fun, fun, fun
We're so loose for you, won't you stay?
They're just winding me up to take me away

And it's only a game
And it's only a game
And it's only a game
