It's raining in my head  
But no tears come down  
And I'm dreaming of you  
Until sleep comes around

Sleep comes down  
Sleep comes down  
Sleep comes down  
Sleep comes down

The orchestra's playing  
It's so very loud  
And I'm biting my nails  
Until sleep comes around

Sleep comes down  
Sleep comes down  
Sleep comes down  
Sleep comes down

Sleep comes down  
Sleep comes down

The clouds are all running  
But no tears come down  
And I'm thinking of you  
Until sleep comes around

Sleep comes down  
Sleep comes down  
Sleep comes down  
Sleep comes down
