[Verse 1]

RIP to the haters, we givin 'em respirators
They hate us cause we the greatest
United we stand, apart we all fall
Kill them every summer that's why they call us the winners

Eating beats for breakfast, look at niggas for dinner
Never been 5 percenter, but it's the young god!
Flow unflawed, too real to be fraud
Hustla, I called it collect, no phone cards

The Philly Biggie, catch me playing the passenger
Facing every challenger, tough talk and I'll silence ya
My old head said shit gettin real
So the youngin' won't stop 'til I'm sittin on some mills

House made on the hill, maids serving us our meals
All for the dollar bill. you heated niggas should chill
We in the buildin man, we used to be guests
Now we've grown to homeowners, whoever would guess?
Mufuckas

[Chorus]

Ya'll ain't fuckin wit us
Cause we the greatest nigga

Ya'll ain't fuckin wit us
Cause we the greatest nigga

We the greatest nigga
We the greatest nigga

Ya'll ain't fuckin wit us
Cause we the greatest nigga

[Verse 2]

Listen, this is greatness in the making

Runnin with the real, I ain't relating with faking
I'll tell you how I feel, we just niggas tryna make it
Ya'll feel my respect. My life you gonna have to take it

Protecting what I rep, A&R to the grave
Nigga, what you expect? Ridin 'til nothin left
Spending this money right for the love of the checks
Niggas coming at ya neck... Watch how reckless he
gettin for that necklace

They say you lose some to win some
But I want yours and then some, holding rappers for
ransome
Where I'm coming from? They wanna know my history...
It's never been a mystery. I'm shining like Tiffany's

Try to get rid of me, you only hurt yourself
Cause you're not what you pretend to be. I'm in it for
the wealth
I'm the king of one's self. I never needed your help
Motif Of The Streets, the champ, gimme my belt
Mufuckas

[Chorus]
Ya'll ain't fuckin wit us
Cause we the greatest nigga

Ya'll ain't fuckin wit us
Cause we the greatest nigga

We the greatest nigga
We the greatest nigga

Ya'll ain't fuckin wit us
Cause we the greatest nigga
