(feat. Krayzie Bone & Layzie Bone)

[Intro:]

F-E-L-E-C-I-A

Felecia and Bone Thug

[Krayzie Bone Rap:]

I better wake up

I know you wanna leave me  
But can I get from the 1st to the 15th at least?  
I know I've been buggin' see  
But that's just the thug in me  
That's how the thug lovin' be

Thug only I am  
Girl I'm just a man  
Sippin' on 40 ounces thuggin'

On the block  
I was doin' my usual  
Makin' money  
That's when she said...

[Verse 1:]

Listen up  
Ain't playing  
I think it's time for us to talk  
Sick and tired of feeling like  
A trophy on the wall  
You don't ever touch me  
Only time you hold me  
Is when you feelin' fly  
And wanna show me to your homies  
You think it's all good  
'Cause I don't really say s\*\*\*  
I'ma get real hood  
If I don't see some changes  
'Cause I'm in a new place  
'Bout to start a new phase  
You got 'til the first

To try and get yourself on my page

[Chorus: x2]

Tick Tock

Boy you running out of time (of time)

I promise that I ain't gon' change my mind (my mind)

If you can't get it

You'll be left behind

Boy you got until the 1st of tha month

[Verse 2:]

Time up for talkin'

I ain't got nothing left to say

And I don't like repeating myself

So I won't play these games

Every time I ask a serious question

You be like huh

If you huh me you can hear me

Why you acting like you dumb?

I'm too cool

To be wrecking my brain all over

The stuff that you do

Think I'm playing

Test me I'll show you

Can't believe all the mess that I go through

And I don't have to

That's why I'm saying...

[Chorus x2]

[Layzie Bone Rap:]

See I'm up against the race against the clock

And I'm up against the race against the cops

It feel like my back's against the wall

Now that I'm racing for your heart

With all the pressure a n\*\*\*\* is feeling

I'm finding it hard for my life

To keep pace

What you wanting right now

Hold on be patient

If you only new what a n\*\*\*\* was faced with

Heavy off in the game

True to you boo I ain't running no game

I love you

You gotta believe me, you gotta believe me

Don't lose no faith

I'ma give you all of me soon

Don't lose no faith tonight

Just stay down and I promise to love you

For the rest of my life (life)

[Chorus x2]

[Outro: Felecia and Bone Thug]
