Verse 1:

I am drowning in your sorrow
Loneliness and darkness, even tomorrow

When will it all end the pain?
And my heart's not the same when you're not near
When you're not near.

Chorus:

And now everything is not clear, not clear
Oh, every time I she'd a tear
I wish you were still here. I wish you were still near

Verse 2:

Did you know that I have always loved you?
And I always thought that you have loved me too
But you never felt the same
How is it all about your stupid games?
I feel so ashamed that it would have to end this way

Chorus:

Everything is not clear, not clear
Oh, every time I she'd a tear
I wish you were still hear, I wish you were still near

You know what? I can't even stand
If you're not even here
I'm in a puddle of my own tears (my own tears)
I'm crying for your help
I'm crying for your help

Chorus:

Now everything is not clear, not clear
Oh, every time I she'd a tear
I wish you were still here
I wish you were still near
I wish you were still near
