I dream of favorite color fantasy
I see your body standing over me
You approach your finger... across my lips
I need you inside of me, inside of me

Pre Chorus:

I lose control and our world... a lot
I wish comes over me and I get lost in time
So hooked on you daddy... gets me hot
Can't stop now I'm falling out just give ti to me

Chorus:

Say oh by let myself go whatever, whatever,
Just give it all to me
Get me hot I just can't say your whatever, however
Just give it all to me.

This fake to em is searching for your touched
Unleashed and now I just can't get enough
Don't tease unless you can't back ti up
Let's go, don't make me mad I want it that

I lose control and our world... a lot
I wish comes over me and I get lost in time
So hooked on you daddy... gets me hot
Can't stop now I'm falling out just give ti to me

Help me down, play the game
