Sit right beside you, the subways the best place
I drool like a baby when I see all that jewelry
Sit right beside you, the subways the best place
I drool like a baby when I see all that cash

Trying so hard to avoid making eye contact
Hiding your rings, put your hands in your pockets
Trying so hard to avoid making eye contact
Hiding your rings, put your hands in your pockets

Sit right beside you, the subways the best place
I drool like a baby when I see all that cash

Pass me a gun and a bullet and i'll show you how to use
it
I'll never starve for a day in my life,
We need to eat and we know how to do it
If there's no food on the plate,
We all know how to earn it

I've got a taurus in each hand,
If you got what I need then that's what's going get
taken
If you don't know what it's like being hungry,
then you can't understand what i'm sayin'

I'll never starve for a day in my life,
We need to eat and we know how to do it
If there's no food on the plate,
We all know how to earn it

I've got a taurus in each hand,
If you got what I need then that's what's going get
taken
