Show, no respect,
Here's, what you get,
Blood, for your debt,
Bleed, for your debt

I've been waiting for so long,
To catch you on the street
My hands have so much to tell you
I think it's time that you meet,

This won't take long
No it's not fair
Run if you want,
you'll just prolong it

Head, snaps, back, with, every, blow,
It, feels, so, good, it, feels, so, good,
what, you've, done, in, secret,
Has, been, brought, to, light,
For, all, to, witness,
Head, snaps, back, with, every, blow,
It, feels, so, good, it, feels, so, good,
what, you've, done, in, secret,
Has, been, brought, to, light,
For, all, to, witness,

Cry, until, there's, no tears, left,
Bleed, until, there's, no blood, left,

Now your debt is paid
