Another lonely night  
Don't wanna be alone  
I need to find someone  
I can call my own

Not just anyone, oh no  
He's gotta be the big one...

I've been around the world  
And I've heard it all before  
If you wanna lead inside my heart  
You gotta give it something more

I'm looking for a shotgun, and all that's rocking  
It's gotta be the big one

Got to shake me till I fall down to my knees  
I'm ready now...

I'm ready for the big one  
Not just anyone  
And it's taking so long that I can't go on without the  
right one  
I'm waiting for the big one

You can keep your fancy cars  
That'll never work on me  
You promise me the stars  
And you just ain't meant to be

I'm looking for a big love, not just any love  
It's gotta be the big one...

You can shake me till I fall down to my knees  
I'm ready now...

I'm waiting for the big one  
Not just anyone  
Now it's taking so long that I can't go on without the  
right one...

And now I'm ready for the big one  
Bring on the big one  
And I've waited for so long that I can't go on with just  
anyone  
I'm waiting for the big one

Well I'm waiting  
And I'm ready

I'm waiting for the big one  
Not just anyone  
Now it's taking so long that I can't go on without the  
right one...

And now I'm ready for the big one  
Bring on the big one  
And I've waited for so long that I can't go on with just  
anyone  
I'm waiting for the big one
