Listen up people in the beach  
This is Phineas and Ferb and the backyard beach  
Everyone gonna hear what he's gonna say  
Brother what you gonna do today  
Now you see we having fun  
Playing numbers of fun

Get in line, Get in line  
Before the jet ski's run  
A backyard beach, a backyard beach  
Nothing gonna reach  
We got the backyard beach  
You could change in the broken hut  
Drink out of a coconut

We got ski and para-sailing  
Surfing and they are failing  
Your contacts keep failing  
The rest you can't see  
A backyard beach, a backyard beach  
Nothing gonna reach  
We got the backyard beach

A backyard beach, a backyard beach  
Nothing gonna reach  
We got the backyard beach  
Don't fall into the breech  
We got the backyard beach
