Litter box, professional non-smokers

pricks and a replica kits of red and black yeah

cyclists should write and designate it

Passing cold zone tonight on the pavement

Two by two European language schools

they got the same college rocks

sex on their backs yeah

Uh oh, I know

they got the same college rocks sex, oh

I look through transparent things and I feel okay [3x]

/]

Gift box, singer songwriters

and symmetrical ticks and grains of pear blue boxes

So so I know

I look through transparent things and I feel okay [3x]

Litter box, professional non-smokers

and symmetrical ticks and grains of pear blue boxing

I look through transparent things and I feel okay [6x]

I look through transparent things, I feel okay
