There's something about her
That makes all their heads turn
She's got what those boys like
She knows it, it's alright
She'll come with you she'll leave with him
She breaks hearts and she'll do it again

Oh boy she's stuck in your head
You should have left her instead
She'll make a list of regrets
Realize you're all she has left
She comes back, says sorry
You breakdown the story
She's like a book that never ends
Next chapter and she does it again

There's something about her
You can't live without her
She's got you, you know it
Too afraid to show it
Don't let her out of sight with him
She broke your heart and she'll do it again

Oh boy she's stuck in your head
You should have left her instead
She'll make a list of regrets
Realize you're all she has left
She comes back, says sorry
You breakdown the story
She's like a book that never ends
Next chapter and she does it again

Again

Of everything you could've done
You went and chose that one
Never liked your attitude
Then again it don't like you
Coming out with all your friends
Picking off the latest trends
When I ask all of my friends
They say she'll do it again

Oh boy she's stuck in your head
You should have left her instead
She'll make a list of regrets
Realize you're all she has left
She comes back, says sorry
You breakdown the story
She's like a book that never ends
Next chapter and she does it again

She comes back, says sorry
You breakdown the story
She's like a book that never ends
Next chapter and she does it again
There's something about her
