Whooooa yeah, whoooooie oh, oh yeah, whoooooa yeah  
whoa whoa yeah, whoooooa yeah

Well this is the part of the song where I talk about  
emotions  
and this is the part of the song where I sing about how I  
feel so cold inside  
and this is where my producer told me, to say yeah,  
(yeah!)

This chorus is so freakin' catchy  
you will never be able to get this song out of your out  
head.  
out of your head, for the rest of your life.

Oh this is the verse that sounded just like the verse you  
heard before yeah  
but if you please take note that lyrics are slightly  
different than last time  
we're killing time, until we're at chorus, again.

This chorus is so freakin' catchy  
you will never be able to get this song out of your out  
head.  
out of your head, for the rest of your life.

Love every night, love everyday, love is everywhere  
and it's here to stay  
I will be with you, you will be with me, for all eternity.  
We'll sell a million albums!

Uh!  
Yeah!  
Rock!

This pretty bridge has no distortion...

And here we are back at the chorus  
don't you remember the one that is so freakin' catchy  
it's stuck  
in your head, for the rest of your life

(Music stops)

And once again repeat the chorus for dramatic effect  
to remind you that it will be stuck in your head  
for the rest of your life.
