I read the other day that Bob was sad because his
girlfriend was talking to
her ex when she found that he had sex with his ex wife
that ruined his life
by making a post about the time he cheated on her with
his old boss now
he's single, and unemployed and he said his life is
completely destroyed
AND I DON'T GIVE A SHIT!

Sally made a post about eating a chocolate lasagna
pizza which she eats
every time she feels alone and I DON'T GIVE A SHIT!

Then Sam replied that he's there for her and she can
come over to dry her
tears I know that he's plotting to get her drunk and I
DON'T GIVE A SHIT!

Hey you, what do you read? Something negative or
something bleak? Your
digital confessions of depression are an obsession.
The lack of your
discretion leads to my increased aggression. I just
wanna punch you right
in the face...book.

Chorus:

Sadface emoticon I'm formatting my social life and you
don't belong, YOU'RE
GONE! No more attention for the shit that don't matter
I'm apathetic
towards your blubbering blather.

John just made a post proclaiming he hasn't eaten
since noon today. A
burger and fries sounds really good and I DON'T GIVE
A SHIT!

And Jack replied like, "Dude, next time ASK if you want

me to get you
something"

Then Lisa said you shouldn't eat meat AND I THINK I'M
GONNA

HIDE YOUR POST, HIDE YOUR BLOG
I don't give a shit, shut up!

Chorus

All that I ever wanted was to reach out to my friends.
Instead I'm drowning
in sea of bitching, whining, moaning, and complaining
about the weather,
BLOCK!

Fighting with your lover, BLOCK!
Gripping about the goverment, BLOCK!
Preaching about the environment, BLOCK!
I hate my parents, BLOCK!
I lost my wallet, BLOCK!
I'm totally bored, BLOCK!
I feel so, BLOCK!
I, BLOCK!
But, BLOCK!
Please, BLOCK!

Awww, did I just hurt your feelings? Oh well, I guess I'll
never know.

Chrous

I've put up with the dramathon for way too long, YOU'RE
GONE!
I'll do away with all the Jerry Springer by clicking delete
using my fiddle
finger
