(Alex,... Alex,.. Alex,... ALEX!!!, this is a slow song, you can do that in the next one)

I'm looking at you
After its all over

I dont feel quite the same
That look in your eyes
Says you dont want me anymore
Even through you are too blame

Why oh why
Did this have to happen?
Why do you do me this way

(Tell me why) You had to lead me on so long
(Tell me why) I had to end it all in song
(Tell me why) You ran away with my best friend
(Tell me why) I still love you

(Love you, love you
Love, love, love)

I came across an old letter
Here what you had to say:
Would you please pick up a gallon of milk while your
Shopping at the store...
What?.....thats not it....
TGhere it is..you said....

I love you so
Your everything to me
I can love no other one
Yeah right!

Except for maybe like i said:
My best friend
And my brother,
And my Dad,
And my younger brother,
And his best friend,

And that guys brother as well,
And that one guy that comes over every saturday
To mow the lawn who has a dragon on his shoulder
Who's good at eating stuff...(takes a breath)

(Tell me why) You slept with everyone but me
Tell me why) I'm out of words that rhyme with "me"
(Tell me why) You still owe me three bucks for that milk
(Tell me why) I still love you (you)

(Why?) Did you leave me alone
(Why?) In the cold in the darkness
(Why?) So I can talk to the wall in my basement (Hey,
who turned out the lights?)
(Why?) Did you hurt me so bad
(Why?) Did you feel no remorse?
(Why?) When you broke both of my shins with a
crowbar?(Ow, my fibula)

Tell me why (8x)

I still love you (2x) (Even though you're a bitch)
I still love you(2x) (even though you're a psycho
I still love you (2x) (even though you should DIE!)
I still love you (2x)

(...Dude, seriously, you need to get a
life).....(...{sigh}....Okay boy....you can go crazy now)
