[Strings]

You here the Strings nigga

[DJ Clue]

Come on ladies

[Strings]

On this side of this thong shit

This is what bitches talk about

[DJ Clue]

The tongue song

Strings

Hold Up

[Strings]

This might sound so scandalous

But is true that men can't handle it

See most of the time a nigga dick ain't shit

Need to go a step further and lick the clit (uhh)

Keep lickin till you hit my spot

Nigga fuck all the ju in the bugie pa

She gets no skin just comin from cock

Put your face all in my chocha

cuz I'm gon get a nut nut nut (man)

Head like what, what, what,

Hands up in my butt, butt, butt

You need to lick it again

cuz I'm gon get a nut nut nut (man)

Head like what, what, what,

All night long

Work the tongue (come on tongue come on)

[Chorus]

I like it when the niggaz go dun-nuh duh

The way you make my pussy go duh-nuh-duh

I know you wanna hit so duh-nuh-duh

Give me that Tongue, Tongue, Tongue, Tongue,

I like it when the niggaz go dun-nuh duh

The way you make my pussy go duh-nuh-duh

I know you wanna hit so duh-nuh-duh

Give me that Tongue, Tongue, Tongue, Tongue,

[Chorus] 2x
