Love can be so strange  
Don't it amaze you?  
Every time you give yourself away  
It comes back to haunt you  
Love's an elusive charm and it can be painful  
To understand this crazy world  
But you're not gonna crack  
No you're never gonna crack

Run my baby run my baby run  
Run from the noise of the street and the loaded gun  
Too late for solutions to solve in the setting sun  
So run my baby run my baby run

Life can be so cruel  
Don't it astound you?  
So when nothing seems too certain or safe  
Let it burn through you  
You can keep it pure on the inside  
And you know what you believe to be right  
So you're not gonna crack  
No you're never gonna crack

Run my baby run my baby run  
Run from the noise of the street and the loaded gun  
Too late for solutions to solve in the setting sun  
So run my baby run my baby run

Find out who you are before you regret it  
Cause life is so short there's no time to waste it

So run my baby run my baby run  
Run from the noise of the street and the loaded gun  
Too late for solutions to solve in the setting sun  
So run my baby run my baby run
