All I want to do is surf and live it up
All I want skate, don't give a fuck
All I want to do is rage and never sleep
I'd rather get laid than count sheep

All I want to is fuck, never fall in love, but I'm way to
drunk, to get it up
All I want to do is cry smoke a lot of weed, skate only at
(unknown lyric) til my left foot bleeds
All I want to is toke and drink a fifth, you call it a joke, I
call it a gift
I want to play guitar and turn it up
I want to steal a car and blow it up

All I want to do is sleep, stop having fun, forgot weed?
forgot the sun
And when you looked at me, said here take this, I woke
up cause lifes a risk
