[50 Cent]

Yeah...

She like it she love it, she kiss it she suck it

She want me to want it, she want to climb up on it

Smile, ha ha... {yeah, Lloyd Banks} (ha ha ha...)

50 Cent (yeah...) {\*SHADYVILLE~!\*}

[Lloyd Banks]

Mami we can, creep through the ghetto wit'cha, feet in stilletos

Hit the, club and party as long as you sneak in the metal (YEAH~!)

Or we can head to the house, from the house it's the floor

From the, floor to the couch, from the, couch to the door (WOO!)

Then it's, out to the store or, out to the mall

Watchin, out for the law, cause of this pouch full of raw  
I don't care how much you love her don't, vouch for the whore

Cause the first chance she get I'm in her mouth on the tour (WHAT?)

I'm lovin the ladies, with no husbands or babies

Since little I've been active, lost dozens of babies  
(C'MON!)

Gettin a hummer stuntin, in your cousin Mercedes  
Or roll up on you dumpin, pourin guns at your 80's  
(WHAT~?!)

You the man on your block? I'm the talk of the town

That's probably why they wanna see me in chalk in the ground

But you can find me on the corner with a pack of marijuana

Middle finger to haters nigga you fuckin with the greatest

[Chorus: 50 Cent]

Yes, I wanna go, to a mo-tel

Just for fo' hours, only short stay  
We don't have to go, far far away  
To have some fun, try things my way  
Bitch grab your bag, get in the Escalade  
Put the seat back, we're onnn our way  
There's no games to play, nothin else to say  
Listen to your man, you'll like things my way

[Lloyd Banks]

You make me wanna, rest in the tower make a, mess in  
her flowers  
How 'bout, sex in the shower or, neck for an hour  
(AOWWWW~!)  
You got a ring on your finger even, one in your nose  
Squeezin some on your toes, runnin your tongue like  
lobes  
Ohh remember spin the bottle? You coulda been a  
model  
While you begin to swallow, niggaz in Timbs tomorrow  
No love, no hoes, no paper  
Nah no ice, no Mo', there's no acre  
Your bitch look good I'ma take her  
Won't have to fight to make her the first -  
{\*abruptly ends\*}
