{*set to the beat of "G'd Up" by Tha Eastsidaz*}

[50 Cent]

Yeah, I stay with my ratchet nigga
Go 'head and talk bad nigga
You best be on your best behavior out this
motherfucker!
Ha ha

[Chorus: 50 - singing]

I stay gangsta'd up, niggaz ain't got shit on me
Annnnnd, I stay wit my gat, in case I gotta pop
somebody
Geeee-Unit clique, you're blind if you can't see
That weeeee run the streets, nigga you better ask
somebody

[Tony Yayo]

I got a rifle with a scope in the trunk of the Viper
So I shoot off the roof like the D.C. sniper
I just bought a bezel, and a brand new piece
And a level two vest and a brand new piece
See y'all hip-hop niggaz don't want no beef
Y'all get shot and rat to the hip-hop police
Nigga two guns up, I run up in your label
Why your guns in the house like a couch potato?

[Chorus]

[Lloyd Banks]

These hoes want me to stop, but this is the worst part
I was born with this game like birthmarks
I don't trip, but I'ma get a little watch from my modelin
chick
Cause she spent a lot of time on my dick
I get a new fan every single time that I spit
Gray & blue Benz, lovin every diamond I get
Fast and fury in the Rang Rove' cause my bread folds
Beef I hit your neck and turn your jewelry into red gold

[Chorus]

[50 Cent]

I'm from the bottom man niggaz know I came up hard
I got a temper man I'm looking for some shit to start
Man my tax bracket change, I'm sittin on some change
The hoes man they changed they don't treat me the
same
It's not my looks that's got me all up in them drawers
It's the new M3 with the Lamborghini doors
Man them D's they done turned them dogs into
dopefiends
Smell a leak in my clothes so they barkin at me -
WHOA!!

Yeah, that's gon' have to be good enough
I lost a friend tonight
Jam Master Jay... rest in peace
I send my love to his family
50 Cent y'all

[Chorus]

[Outro]

G-Unit, God's Plan!
Damn... {*gunshot*}
