"Slaughter"

Promises brought down to nihil
Due to broken trust
It enrages me to slaughter
(x2)

Necrophile experience
What it is to fuck the dead
Promises represent your lust
Ensuing dreams of a sky so red
(x2)

Promises brought down to nihil
Due to broken trust
It enrages me to slaughter
(x2)

Deity I have seen your end
Your hope was broken
Because of the lies you fed
Promises represent your lust
Ensuing dreams of a sky so red
(x2)

Promises brought down to nihil
Due to broken trust
It enrages me to slaughter
(x4)
