The filth astounds a sexy clown.
Go underground and brown the town.
There's no profane it's all profound.
Abort your inner children now.
Let's devastate the celibate, manipulate and violate...I
advocate. There is no debate.
Elaborate? Well chaste makes waste...
Pull down your pants and talk to yourself, there's no
purer way to salvage your spirit
Forever.
We're naked and insane, and I am to blame cause I
hate adults so I'm molesting your
Children.
The filth astounds a sexy clown. (12 steps to watch you
tumble down)
Go underground and brown the town. (12 steps to
watch you tumble down)
There's no profane it's all profound. (12 steps to watch
you tumble down)
Abort your inner child now. (12 steps to watch you
tumble down)
Compatible with animals my comedy, indecency and
misery.
