Just me I said don't think about anything else
Nothing else
Stop!
Just me
Stop
Your selfless collection of me
Selfless collections of me
Every second
Every breathe
Just
Every idea
Every fucking thought
Just me
Stop
Think of nothing beyond me
Just me. I said nothing else
Nothing
Just me. I am everything
Stop
Just me
Every moment. Everything. You fucking sucker!
Just me. Just me. Just stop!
Your selfless collection of me.
Pathetically dragged on a leash in my name
