I have a problem that I can't overcome, everything is
pointless and I
Hate
Everyone.
I don't understand them or the faces they make, I don't
understand the
Way
They take and take and take.
Everything I love is something they despise. All the
things that I
Know
They will never realize.
I don't understand them or the things that they say. I
cannot accept
The
Gray.

And I will moan, I want a throne, this isn't home.
And if I stay, I will decay, I'll go away.

I have a problem that you cannot perceive. Everything
is stupid and I
Refuse to believe.
They think that their cars are just as natural as meat.
Everything
That
They love is something I must delete.
Everything I love is something they despise. All the
things that I
Know
They will never realize.
I don't understand them or the things that they say. I
cannot accept
The
Gray.

And I will moan, I want a throne, this isn't home.
And if I stay, I will decay, I'll go away.

I'm going home.

I have a problem that I can't overcome, everything is
pointless and I
Hate
Everyone.
I don't understand them or the faces they make, I don't
understand the
Way
They take and take and take.
Everything I love is something they despise. All the
things that I
Know
They will never realize.
I don't understand them or the things that they say. I
cannot accept
The
Gray.

And I will moan, I want a throne, this isn't home.
And if I stay, I will decay, I'll go away.
