I'm such a pussy let me kiss your ass, let me suck your
dick, let me get that for you sir.
I'm such a pussy let me kiss your ass, let me suck your
dick, well let me tell you
Something asshole...
I've got a twin who looks like me, but he ain't like me
cuz he kills for glee.
He laughs at abject misery, so I'm warning you to let
him sleep or he'll be freed.
Yin and Yang both hate you.
I wonder why I have dried blood in my hair. Where was
I?
The lowly pried open the doors, he found his fate, he
never spoke.
His notions of significant were karma's way of saying
boo.
