Well, I woke up this morning  
with my face to the wall  
and I said a real quick prayer  
oh please dear god when I turn around  
let her not be lying there  
but I felt her bare skin touching mine  
and the blood run from my head

and I tried to think what I'd say to her  
and I wished that I was dead  
Cause I can't remember her name  
and I'm sorry for all my life  
But I can remember her voice  
and the color of her eyes

when I'm lying alone and I'm thinking about  
all the things that I had done  
and I know theres things that just ain't right  
but I know I'm not the one  
And I want to change and I want to be  
what you want me to be right now  
but it never seems to work out that way

And I can't remember her name  
and I'm sorry for all my life  
But I can remember her voice  
and the color of her eyes

so why do I always do this  
will it ever change  
so why do I always do this  
it'll always be the same

Well, I woke up this morning  
with my face to the wall  
and I said a real quick prayer  
oh please dear god when I turn around  
let her not be lying there  
but I felt her bare skin touching mine  
and the blood run from my head

and I tried to think what I'd say to her  
and I wished that I was dead  
Cause I can't remember her name  
and I'm sorry for all my life  
But I can remember her voice  
and the color of her eyes

the color of her eyes  
the color of her eyes  
the color of her eyes  
the color of her eyes  
the color of her eyes  
the color of her eyes  
the color of her eyes  
the color of her eyes  
the color of her eyes
