Been saving now for over a year
Let's pack the kids get outta here
We'll leave behind our troubles for a week
We'll borrow the pop-up from Phyllis and Steve
Just tell the boss I gotta leave
Be the best week of our lives as I can tell
We'll take our dream vacation in the Dells

We'll see the robot world and the water show
Go anywhere you wanna go
Circus world Museum in Baraboo
We'll play mini-golf at the Jellystone
And we'll finally see that house of foam
And if the kids wanna buy a t-shirt what the hell
It's our dream vacation in the Dells

And at night when the kids is all asleep
Then off to the lounge for a nightcap we can sneak
I know our lives they ain't the stuff of dreams
But for one full week we can live like kings and queens

So let's board the dogs lock the door
We'll roll down Interstate 94
Be the best week of our lives I can tell
We'll take our dream vacation in the Dells

And at night when the kids is all asleep
Then off to the lounge for a nightcap we can sneak
I know our lives they ain't the stuff of dreams
But for one full week we can live like kings and queens

So let's board the dogs lock the door
We'll roll down Interstate 94
Be the best week of our lives as I can tell
We'll take our dream vacation in the Dells
Gonna take our dream vacation in the Dells
