I've got my back  
Against the window  
Trying to take the good out  
Of every bad move  
And all the shit  
That we've been through  
Cause the past days  
We've had nothing but trouble

And I don't think I'll ever  
Be able to believe that  
I'll make it back to you

We're going east going slow  
And it feels like I've been  
In the middle of  
The curve forever  
Cause I can't tell what's  
Coming ever

But I made peace with my past  
Now I'm hoping it will last  
All summer  
But it can be hard sometimes

Hear me I've got hope again  
Hope of better days  
Days with you my friends  
For the first time of the year  
I wish for everything my dear

Though I know  
That feeling might go away  
Cause even in the best of days

My feet are sometimes missing the beat  
We're going west and hope for the best  
But it seems that we'll never ever  
Gonna beat the weather  
Will it ever feel like summer?  
Let's make peace with our past

And really hope that it can last forever  
But it can be hard sometimes

Now the roads are taking me closer  
Where the words are taking over

We're giving each other  
What we're truly willing to offer  
And if time is all we have  
Then time is all that's left  
To always remember  
That there will be no retreat and no surrender
