[PA]

It's the middle of the day  
And we both have thrown a fit  
The tv is on  
But neither one of us is watching it  
Now your problem is  
Everytime my pager go off  
I don't pay it no mind  
And my problem is  
Everytime the phone rings  
You go get it and you run and hide  
Now if it's two people in between us that don't exist  
And we're both gonna go on lying  
Ain't nothin' good about that ? baby  
We're both guilty of a John Doe crime

[PA](Lele)

Who was that guy who paged you?  
(I don't know)  
Who was that guy that waved at you?  
(I don't know)  
Who was that guy who called you?  
(I don't know)  
Who was that guy I saw you with?  
(I don't know)  
How did you get some extra money?  
(Uh, don't know)  
When I needed some you told me  
(I don't know)  
Is this love affair over?  
(Uh, don't know)  
Tell me a name  
(John Doe)

[Lele]

Yeah I know this thing started out all good  
Remember when you didn't have a dime  
I did what I could  
Took a chance, and put you on my account  
Now your flossin' to some female, showin' the amount  
That's why I trip on shit like your pager  
All in my face, blowin' up, and you get it later

And the reason I run in the room with the phone all the time  
Because of you, I'm guilty of the John Doe crime

[Lele](PA)
