Yo baby, let's set the mood right
Don't ever leave, I don't wanna lose you

After so long and being with you (say)
I can't explain how much I need you (sayin)
You're always there, support all my needs
And anything I want, you give it to me (sayin)

(Oooh)
That's what you call love, L-O-V-E?
And my emotions on fire
I'm trying desperately to enter your heart

I don't wanna lose your love
It means so much to me
Gotta make sure that you stay
If I have to be the key
Can't imagine my life without the one that I need
Please don't leave me now, can you promise me?

See baby it's on, if you believe, yeah
We can make it somehow, just you and me (say)
Our time is here, let's not give it away (no)
Don't put off tomorrow, let's do this today

(Wanna do it, yeah)
With a friend you call love, L-O-V-E
My emotion's on fire
I'm trying desperately to enter your heart baby, whoa

I don't wanna lose your love
It means so much to me
Gotta make sure that you stay
If I have to be the key
Can't imagine my life without the one that I need
Please don't leave me now, can you promise me?

Baby, yeah, yeah
I don't wanna lose your love
It means so much to me
When I'm home alone, on my darkest night
You're my shining starrrr, ooh

Don't wanna lose you

I don't wanna lose your love

It means so much to me

Gotta make sure that you stay

If I have to be the key

Can't imagine my life without the one that I need

Please don't leave me now, can you promise me?
